

**Safe Schools Committee**  
**February 21, 2013**  
**Frank O'Donnell**

The Safe Schools Committee met on February 28 and discussed the following:

Building Access System upgrades, Surveillance Camera Upgrades, potential additional C.L.A.S.S. buttons from Montgomery County Emergency Dispatch Center, and enhanced communications with our new radio system,

Mr. Wilson continued with a discussion of the conversations with our Police departments about safe schools procedures, the active shooter training received by Security Officers and the substitute teacher orientations regarding safe schools procedures.

The committee was updated on the progress being made with proximity card access systems, camera upgrades and the timeline for implementation and installation of Security upgrades.

The next meeting of the Safe Schools Committee has been scheduled for April 25, 2013 at 6 p.m. at the Educational Services Center.
